YEARS EXPERIENCE

EXECUTIVE SUMMARY

Senior Solution Architect and Cloud Architecture Leader with 10+ years of experience designing and delivering enterprise-scale cloud, modernization, and migration solutions across regulated and complex environments. Proven track record leading architectural strategy, governance, and platform design for financial services and large enterprises, with deep expertise in Microsoft Azure, Microsoft 365, and cloud operating models.

Trusted advisor to executive stakeholders, translating business, regulatory, and technical requirements into secure, scalable, future-ready architectures. Combines hands-on engineering expertise with strategic oversight to drive modernization outcomes, delivery excellence, and organizational growth.

CORE EXPERTISE

- Enterprise Cloud Architecture & Governance
- Azure Landing Zones & Cloud Operating Models
- Cloud Modernization & Migration Strategy
- CCoE Design & Platform Standards
- Security, Identity & Compliance Architecture
- Hybrid & Multi-Cloud Architecture
- Executive Advisory & Technical Leadership
- FinOps & Cloud Cost Optimization

KEY HIGHLIGHTS

- Led enterprise Azure architecture and modernization for regulated financial services clients including SouthState Bank, Pulte Mortgage, and Quanta Services
- Designed and delivered Cloud Center of Excellence (CCoE) operating models, governance frameworks, and landing zones
- Authored 171+ governance documents across seven domains adopted as organizational standards
- Proposed 108 cloud policies across Azure and AWS platforms for enterprise compliance
- Microsoft Certified Trainer (MCT) with 200+ delivered sessions in Azure and Microsoft 365
